## Synopsis

Welcome to "Wake Up: The Awakened Man" [2019], contributing authors: Derek L Hendricks, Harinder Singh Sabharwal, Scott Anthony, Patrick Porter, Ph.D., Daniel Kurlapski, Kevin Seney, Kelly Fisher, Mark Collings, Mike Chambers, Pjerin Alija, Yasmin Nguyen, Eric Guttmann, Erik Ennabe, Kyle C. Entenman, Shawn Owen, Matthew Hutchins, Dr. Karl Krantz, Jimmy Gleason, Igor Galibov, Brian Tracy, and Dr. Wayne W. Dyer. This is a collection of male authors specifically conceived and designed to give you, the reader, as wide a range of unique perspectives from a man's point of view. So if you are reading this book, it is meant to be. Essentially this is a practical workbook about how men from around the world have in their own unique way overcome intergenerational dysfunction and trauma, the victim mentality, selfishness, stagnation, fear of the unknown, and much more to achieve transformation, prosperity, and health. We believe it will provide a comprehensive insight into how men have transformed themselves. In fact, I guarantee that there is literally something for everyone, from eliminating excuses, practicing self-mastery, goalsetting, the joys of fatherhood, to carving out a career that provides meaning, purpose, and prosperity to one's self, family, and greater community. Each author, at the end of his story, has a personal biography with contact information. We encourage you to take full advantage of this opportunity to reach out to any author of your choice for further information and personal coaching. I would like to take this opportunity to thank my fellow authors for the excellent work they are doing all over the world. It is genuinely awe inspiring to see the writing of so many dynamic men gathered in one place to share their unique messages, secrets, and stories. While you are reading this book, always keep in mind that you need to have the capacity within yourself to achieve success and to set new goals for your own life.

## What people say about this book

Eric Guttman, "Great book with a lot of hard earned wisdom. This book really shines the light on the masculine soul. Most of the stories of discovery start with an immense pain or blow to these men that had to pick themselves up from scratch. Definitely a good and worthwhile read. All true stories. Get it, Read it, Learn from it."

Hector, "Inspirational read!. Inspirational! Full of life challenges and the people who overcame them. A must read for those who are in need of perspective and inspiration.. Read it today! Change your life today!"

Grady Harp, "If you don't build your dreams, someone will hire you to help build theirs.' Editor Steven E. Schmitt has worked with world-renowned authors, top doctors, CEOs of major companies, top fiction and non-fiction authors, and owners of top franchises, helping authors who have a powerful message learn how to get it out to the world. His mission is quite fulfilled in this fascinating book about the masculine psyche. As he states in his Introduction, 'this is a practical workbook about how men from around the world have in their own unique way overcome intergenerational dysfunction and trauma, the victim mentality, selfishness, stagnation, fear of the unknown, and much more to achieve transformation, prosperity, and health. We believe it will provide a comprehensive insight into how men have transformed themselves. In fact, I guarantee that there is literally something for everyone, from eliminating excuses, practicing self-mastery, goalsetting, the joys of fatherhood, to carving out a career that provides meaning, purpose, and prosperity to one's self, family, and greater community.' In this impressive collection of the voices of twenty successful and powerful men we learn how to overcome setbacks and roadblocks and come out a more satisfied and in charge and happy "awakened" person. One of the reasons the book is so accessible to a wide audience is Schmitt's manner of spreading the influence of many different types of men's stories. By including a brief bio and photo of each of the 20 contributors the words gain in impact and influence. This is a very informative and inspiring collection of the male perspective – insights in how dreams are accessible!. Recommended. Grady Harp, February 19I voluntarily reviewed a complimentary copy of this book."

Kristin E, "Awesome book.. This is a powerful book. I've had the opportunity to read this book as well as the other most recent women's awaken book and I loved them both. They are filled with different stories that cover such a wide ranging topics in life that I found myself picking up something new from each author's unique perspectives. I've even reached out to one of the author's about the program they discussed in the book because it looked so truly transformational. It's unexpectedly been a great new friendship and business opportunity. If you're interested in expanding your horizons this is a quick, easy, fun and intelligent read."

Ebook Tops Reader, "Expansive. There is so much in this world that hardens us. In contrast, books like this exist to bring out the best in us and help us remember the good in humanity and the potential that we each have, even if our paths differ. The nice things about these series are that you can get a solid idea - or more - with a short sit down. For people like me who really like to get something out of a book fast, I like these kind of books. I love that they are real life stories. Instead of reading a book created by the same mind in entirety, this one shifts from personality to personality, which is more of an adventure."

Kyle Entenman, "Easy to read, relatable, and overall inspiring book!. I was pleased to find a collection of stories each different and unique - but nonetheless **POWERFUL**. The book is a great and easy read, and all-in-all inspiring. If you might be feeling hesitant about starting a new but more fulfilling chapter in your life check this out and start to see that if these men can do it then so can you. Stop doubting and cultivate the amazing potential within yourself."

mike, "This book will leave you feeling inspired!. This is an amazing book by a group of men who have overcome obstacles and challenges in their lives and came out on the other side awakened men. This book will give you insight into how you can transform your life and learn life changing lessons. There is something for everyone and you will feel inspired to live life more fully! A fantastic read by some great men!"
