Synopsis

Little Miss Honey Bee is searching for a friend to play with on a rainy day. During her search, she discovers where all the other bugs go to have fun until the sun returns. She quickly learns that bugs always find a way to have fun on a rainy day! Young readers will love to see the caterpillars, butterflies and ladybugs, in this fun to read bug book for kids. Great read-a-loud children's picture book for babies, toddlers and early elementary little ones. For ages 1 to 6 years.

What people say about this book

Pimpshrimp247, "Cute!. This book is full of cute and colorful bugs. Any kid would want it read over and over again. I highly recommend getting this book for a young reader that you know. There are so many fun illustrations!"

Russell, "This book captures the imagination of a kid.. What a truely imaginative kids book. The author/illustrator has done a wonderful job with fun and colorful illustrations that will keep the kids asking for this one one more time. Perfect length for bedtime story. We plan on buying copies for all the nieces and nephews."

Takersgirl, "Ms. Farabaugh is a breath of fresh air.. The illustrations were beautiful as well as concise. The story was refreshing and the grandchildren loved it. I will await more books from this author."

GG, "I very much enjoyed reading the book and think it is very. I very much enjoyed reading the book and think it is very, very imaginative. It is written for a child to enjoy listening and reading. Most of all, I LOVE the illustrations and the vibrant colors. There are so many funny details in the pictures. For example, praying mantises wearing chef hats while cooking mud pies. I have already bought 4 books and have given them away! I can't wait to share the book with more of my family and friends!! Susan Grady"

Ebook Tops Reader, "Cutest art work ever.. I love this book. It is fun to read to your child, but so entertaining for adults. I find something new and funny each time I read it."
