1337boi, "Learn more about the inner mind of a virgo. Great overview of a virgo and the why behind their actions. Helps make the reader aware of how Virgos handle interactions and offers useful tips on how to manage the flaws. Would recommend!!"

Mink, "Very enlightening. Loved!!!"

Nelle, "Perfect summary. The same day I received it is the same day I read it all and I am sincerely glad I done so. It put a lot into perspective for me as a virgo, it even perfectly worded how I felt about certain aspects of my life where I have failed to put into words myself. It did become a tad creepy how accurately it described me, it was almost as if the book was reading me than I was reading it hahaha. If were to meet a new person and they wanted to learn all about me in 2 hours (minus life events), i would hand them this book. Ironically, the thing about Virgos is that we are so structured and love having laid out plans making us somewhat 'boring' or 'predictable', that's there's book which lays out who we are, ready for anyone to get to know us. Side note for the Virgos who are looking to buy this: all 5 of my signs (sun, moon, ascendant, mercury, and venus) are all in Virgo. Hence, this book is able to flawlessly describe me, inside and out. So, you may find aspects of this book do not describe you accurately if your moon and rising/ascendant signs are different to your Virgo sun sign. Happy reading, love a fellow Virgo ;D"
