Synopsis

This book provides an in-depth analysis of China's housing system and real-estate industry .The author weaves together the different elements of the real estate industry into a logically coherent whole, in which the relationship between the real-estate industry and the macroeconomy sets the background, the housing market forms the core, real estate finance makes up a necessary condition, public policy provides the guarantee and the housing system the foundation.The book constructs an analytical framework for the development of China's housing system that considers a comprehensive range of factors, highlights the most important issues, and is soundly structured, logical and clear. By applying this framework, the authors present an overview of the past, present and future of China's housing industry.
