After millennia of suppression, the Fierce Feminine, or Dark Mother, is making a dramatic resurgence to express our universal outrage. She is rising collectively now, and many women--and men--are feeling a welling up of sacred rage inside, a calling to set things right in our own lives and seek justice for those who can't defend themselves. Offering much-needed perspective, advice, and tools for channeling the righteous energy and sacred rage of the Divine Feminine, Anaiya Sophia explains how to distinguish the Fierce Feminine from personal anger and reveals how it is not a feminist movement set to publicly condemn all that is masculine but a collective spiritual uprising for the greater good of humanity. She shares constructive practices drawn from Eastern tradition to help you embody the courage of the Fierce Feminine to heal from predatory relationships and traumatic experiences, recenter your personal power, and gain control of your sacred rage rather than allowing it to control you. She details sacred sexuality exercises, including those with a yoni egg to clear the womb after lovemaking and dispel any energetic imprint left by an ex-partner. She provides instructions to gain access to the primordial wisdom within the untapped portion of the female brain, embrace your inner Kali, and personally deal with sorrow and anger. Through this passionate step-by-step guide to comfort your spiritual anguish and dispel the helplessness of not knowing what to do, Anaiya Sophia encourages those who feel the call of the Fierce Feminine to embrace their sacred mission and allow it to rebalance the powers that govern the planet as well as harmonize our minds. When we allow the justice of the Fierce Feminine to flow within us, we each become an active participant in the embodiment of change.

What people say about this book

Eva A. Wright, "A very special book that is much needed!. This is a very special book by a dear friend. I have known Anaiya Sophia for years and everything she writes embodies a beautiful sacredness to it that I find to be very healing. It's a truthful telling that's not brutal or in your face. As a victim of a predatory movie director I can relate to the stories that were shared by others and now I do not feel so alone in my journey to prosecute the individual that targeted me and my family."

Erica L. Risberg, "Powerful book!. Anaiya's book has shaken me deeply with empathy and awareness on a level that I didn't realize I needed to get to. She's a powerful storyteller with an important call to awaken us to our Highest Selves! Thank you so much!!!"

Wavesource, "Necessary and timely information for an endangered species- humanity!. "Never has such a book been so necessary or so timely for an endangered species--humanity. Our planet and all life on Earth are in peril. Now the voice of truth is screaming to be heard, and if we do not listen, we will become extinct. Explaining the falsities we have been fed as spiritual truth by the Dark Agenda, Anaiya Sophia exposes the lies by explaining just how such themes as 'we are all one' and 'it's all love' have deeper underlying meanings that must be faced and included for us to completely comprehend reality. She explains that we have been led to believe that we are facing the light, while we are actually searching for the light in abysmal darkness. In blazing terms, Anaiya Sophia describes the cultural overlay of misogynistic beliefs that have etched damaging patterns into our view of who we are. Calling for integrity, accountability, and honor, the feminine force as described by Anaiya Sophia invites us to annihilate our shared enemy of the Dark Agenda through fierce love for ourselves, for each other, and for our planet. Anaiya Sophia provides step-by-step guidelines in the last of her chapters for regaining our courage and choosing actions to clear us from past traumas and take the responsible and necessary steps to move forward into a balanced world. This may, perhaps, be one of the most important books ever written. It most certainly is a necessary read for all--women and men--who wish to deeply enter reality, change themselves, and help to create a better world.", Pia Orleane, Ph.D., author of Sacred Retreat"
